Lancaster Farming

Vol. 1 No. 48 | Quarryville (Lancaster County) Pa., Friday, Sept. 28, 1956. | $2 Per Year

Frost Strikes; Corn Ripening, Some Picking

Autumn has taken full sway over Lancaster County, with ripening grain and fall-shaded leaves A killing frost last weekend — which sent temperatures to the coldest on record locally this early in the season — has hastened ripening of crops and harvest.

Some corn picking is already underway in the Garden Spot. A small percentage of the County tobacco crop — possibly ten per cent of the 28,000acres — was hit by frost as growers sought to develop every pound they could, and will be reduced in value as pull off. With the tomato harvest past its peak, loss here was negligible.

Winter oats and winter barley are being seeded. Silo filling is in full tilt since some corn that was a bit late and sorghums were hit by frost, causing more work than was anticipated

The Weather Bureau in Lancaster reports scattered frost all over the County. Corn has lost its reen. Potato digging is in full progress around Ephrata.

On Friday last week, Lancaster reported 40 degrees as low, the Water Works 31, coldest on record this early in the season. Holtwood had an unfficial 33, Safe Harbor 42. Last weekend found a warming trend during the day, with cooler nights. Rainfall Saturday and Sunday totalled .7 of an inch, making the total for September this far 2.7 inches, just a little below normal.

The outlook is for temperatures to be slightly below normal with a warmer movement Friday and Saturday, cooler Sunday and Monday with scattered showers possible Saturday.

Lancaster Farming — 92 Years

One of the most elderly of active Lancaster County farmers is George M. Aukamp who Sunday celebrated his 92nd birthday — which occured Aug. 30. Family members and friends were on hand for picnic dinner at the old homestead. (See accompanying story) (Lancaster Farming Staff Photo).

Soil Bank Must Be "Voluntary," Benson Asserts

By ERNEST J. NEILL
Editor — Lancaster Farming

READING, Pa. — "Some farmers are pulling out of the Soil Bank plan in the Corn Belt, but from the beginning of study of the Soil Bank, it was considered the program must be voluntary — the farmer should make his own decisions on his own farm."

Thus United States Secretary of Agriculture Ezra Taft Benson explained to a Pennsylvania news conference why in recent weeks penalities were waived for a few farmers who found it necessary to violate their Soil Bank contract There was great delay in passing the measure; some crops in the South were already planted, the program began too late to become fully effective, the Secretary explained, here to address the Pennsylvania Millers' and Feed Dealers Association.

Mr. Benson answered charges issued by the Democratic presidential candidate, Adlai Stevenson, who said the administration was neglecting the little man:

"There are no little men," he answered a question presented by **Lancaster Farming,** "there is no common man in the United States. This is a land of real opportunity. We do have some small farms. I myself was a small farmer, with 80 acres of irrigated land in southern Idaho This administration has done more to encourage small business, to encourage the small farmer than any in Washington.

Since he was speaking just an hour or so before President Eisenhower was presenting his pledge in Peoria, Ill., "to give farmers a full share in our country's good times," Secretary Benson offered no specific outline as

George M. Aukamp, Peach Picker At 92, Still Farms Every Day

By ERNEST J. NEILL

Work hard in the open air — keep your faith in God.

Such is the advice to the younger generation from a Lancaster County farmer who passed his 92nd birthday August 30, not taking time to pause his Lancaster farming which began about the time of the Civil War War.

He's George M. Aukamp, R1 New Providence, born in Lancaster, who came to the wooded hills near Truce when but six weeks old. That was in 1864.

Sunday scores of relatives gathered for a picnic on the old farm down in a hollow-west of the settlement, a farm surrounded today by peach orchards. Sunday's a day for Mr. Aukamp to pause, for "I've been working every day, picking peaches, or if not picking peaches, spudding tobacco."

Guests included scores from his 12 living children, 43 grandchildren 43 great grandchil-

C. Richard Hastings Takes Honors In Lampeter Fair Swine Division

By ERNEST J. NEILL

C Richard Hastings, RD Kirkwood, Wednesday scored a repeat in 1956 Lancaster County community fair winnings when his Chester White Boar topped the field, his Chester White sow scored the purples in the largest swine show on record at the West Lampeter Community Fair.

Only a week before, Richard placed first at Quarryville in the Southern Lancaster County Community Fair. A graduate of Solanco High School, class of 1956, he placed first among entries that totaled 62 head.

In reserve position was Bob Book, R7 Lancaster, a Lampeter-Strasburg student, with a Hampshire sow, while his brother, Ronald, placed reserve with a Hampshire boar entry.

Here are other winnings: pen of two: Donald Welk, R1 Strasburg; pen of four: Robert McCullough, R1 Strasburg; sow and litter, FFA, champion, Bob Book, reserve Ronald Book.

In addition to the 62 head of swine, Wayne Rentschler, secretary, reports 23 baby beeves were entered, plus almost 100 head of dairy cattle. In general, there were more exhibitor entries than ever, "the biggest agricultural exhibit we've had, one of excellent quality."

Cattle Feeders Tour October 16 From Lancaster

Studying the producing, feeding and packing end of the beef cattle business will be the purpose of a Lancaster County Cattle Feeders Tour scheduled for Tuesday, Oct. 16, according to an announcement today by Max M. Smith, Lancaster County agricultural agent.

The all-day tour will be made by bus and private automobile, with assembly at 7:30 a.m. at the Conestoga

Steer Shown by Joyce Nolt Champion At Ephrata; Leona Augsburger 2nd

By LF Staff Reporter

Miss Joyce Nolt, 13, who has shown Herefords — always Herefords — for three years Wednesday morning scored grand championship of the baby beef division of the 38th annual Ephrata Fair.

Miss Nolt, daughter of Mr. and Mrs. Amos M. Nolt, R1 Reinhold, is a freshman at Cocalico Union High School. This was the first time a Hereford has won the Ephrata steer show. Coming from the Eagan Cattle Co., Ashby, Neb., the steer weighed 485 pounds on arrival, and probably tipped the scales at 1000 pounds Thursday.

Judge of the show was Tom King of the Pennsylvania State University livestock division.

Reserve went to Miss Leona Augsburger, R1, Reinholds; third to Darvin Boyd, R1 Ephrata, and fourth to Miss Gloria Brubaker, R1 Ephrata.

Mr. Boyd, 14-year-old son of Mr. and Mrs. Elmer Boyd, is in the tenth grade at Ephrata, and his showing experience of five years came to the fore when he topped the Showmanship contest, as well as winning first in Angus.

Other winners included: Angus: 2, John Zimmerman, and 3, David Zimmerman, both of Reinholds; Hereford: 1, Joyce Nolt, 2, Leona Augsburger, and 3, Gloria Brubaker. Showmanship: 2, Leona Augsburger; 3, Carl Bollinger, R1 Lititz; 4, Lovis Lapp, R1 Bareville, and 5, Janice Showalter, R1 Reinholds.

Fitting contest winners were: 1, Carl Bollinger, R1 Lititz; 2, Leona Augsburger; 3, Janice Showalter; 4, Darvin Boyd; 5, Joyce Nolt, and 6, John Zimmerman.

The Ephrata Fair continues today with a Republican rally at 7 p.m., and a concert by the famous Pottstown Band and Glee Club. Saturday — final day — will see a baby parade at 2 p.m. (rain date, Monday, Oct. 1, 7 p.m.), and a 7 p.m. Democratic rally followed by a band concert with the Ringgold Band of Reading.

Top Elizabethtown Hereford

Winning the Hereford division of the Elizabethtown Kiwanis Community Farm Fair baby beef show was Christ Miller, with his steer "Butch." This was Mr Miller's fourth championship at Elizabethtown. Christ also placed first in the fitting contest and in the showing contest. (Lancaster Farming Staff Photo).

York Man Heads Millers and Feed Dealers for Year

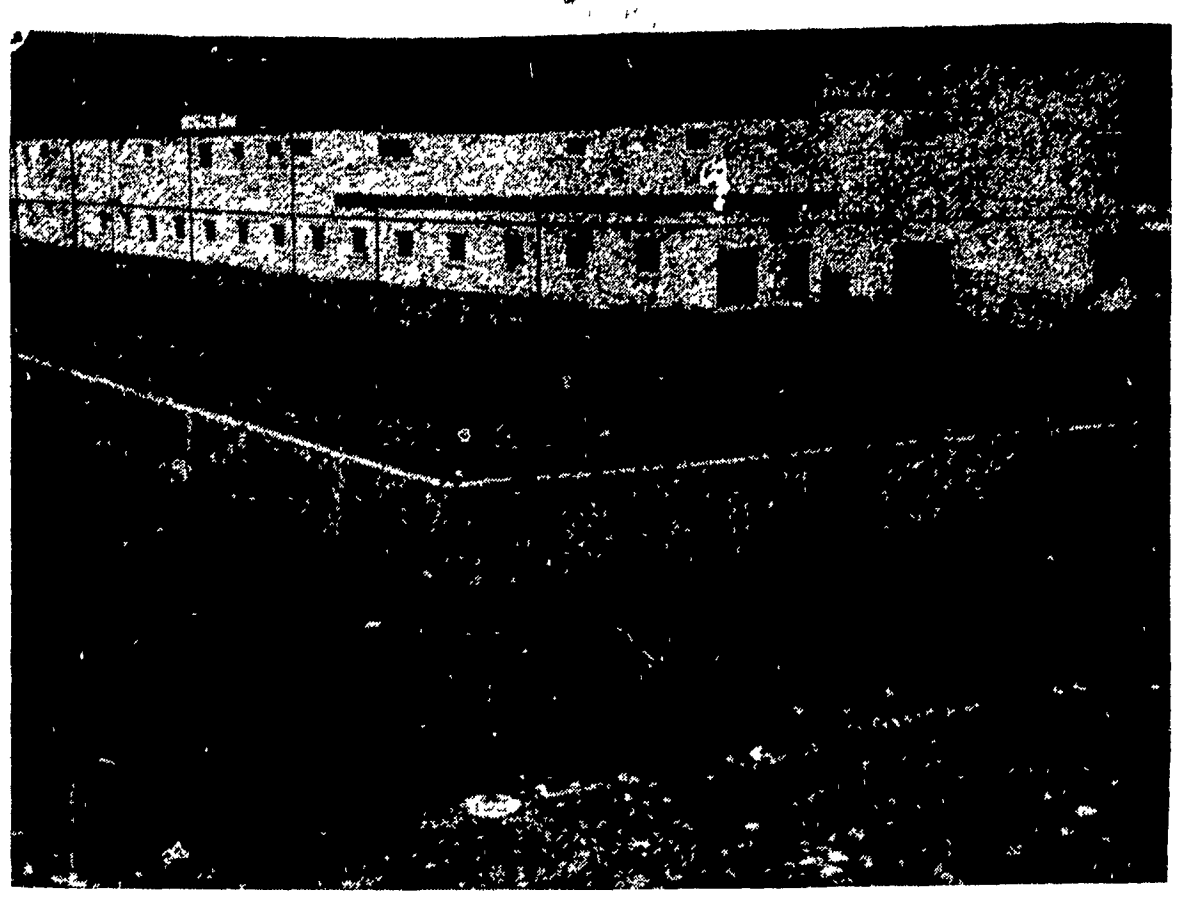
A York man, William H. Sprenkle, partner in Spangler and Sprenkle, Inc., York, was elected President of the Pennsylvania Millers' and Feed Dealers' Association Monday at their Convention meeting in Reading.

Sprenkle succeeds Carl W. Boyer, Pottstown Roller Mills, Pottstown, Pa. B. E. Zechman, of Zechman's Flour Mills, Potts Grove, was elected 1st Vice President Robert I. Aten of D. D Fritch Milling Company, Macungie, was elected Second Vice President; and T. Luke Toomey of Toomey's Mill, Wila, was re-elected 3rd Vice President.

New Treasurer for the organization is John L. Zug of Richland Rochard I. Ammon, Ephrata, is executive secretary

Directors reelected were C. G. Pritts of Pritts Feed and Supply Company, Smithton; and F Clay Erdley, Big Valley Feed and Grain Company, Belleville.

New Directors elected by the Association were Alvah Fassett, partner in Brown and Fassett, Tunkhannock; Robert G Graybill, assistant manager of Miller & Bushong, Inc., Rohrerstown; and Arthur B. Stover of Edwin F Stover Estate, Perkasie



Principal research building on USDA's new $10 million Plum Island Disease Laboratory is shown here, to be site of research on foot-and-mouth disease and other foreign diseases that might endanger the nation's livestock industry

* * *

ALERT

Aware of heavy penalty for sleeping on sentry duty, a recruit on early-morning relief did his best to keep his eyes open. In spite of all efforts, he blotted out standing up.

Awakened by a slight noise, he raised his eyes and saw the Officer of the Day approaching. The recruit stood for another minute with his head bowed, then lifted it slowly Looking piously up at the sky, he murmured, "Amen." —

Plum Island Lab Dedicated; New Disease Attack

Ezra Taft Benson, United States Secretary of Agriculture, Wednesday dedicated the new Plum Island Animal Disease Research Laboratory off Long Island with the statement: "With the opening of this laboratory, we launch the first full-scale attack inside our own borders on the causes of foot-and-mouth disease and other treacherous foreign diseases This is truly a great day in animal disease research."

The Secretary cited the $2 billion annual toll of animal disease, "the biggest single drag on livestock production."

Declaring that if foot-and-mouth disease ever became deep set in the United States, he said, "it could cost this country up to one-fourth of its production of meat, milk and other animal products. We do not intend to let it gain a hold in this country. We are hoping to keep it out."

America is "on the threshold of the most challenging and most prosperous decade the world has ever seen," the Secretary said, adding that in the past three and one-half years, Federal appropriations for agricultural research have increased 75 per cent.

Groff, 2500 White Vantress, 9-4, to H. W. Longacre, 20; 27, Enos R. Buckwalter, 3500 White Cornish cross capettes, 13-5, no sale, 21 bid;

28, Enos R. Buckwalter, 4000 White Cornish and White Rocks, 11-5, to H. W. Longacre, 20; 29, Enos R. Buckwalter, 3500 White Cornish Cross, 11-5, to Mandata Poultry, 20.

HARRISBURG — The State Department of Agriculture today estimated the 1956 Pennsylvania turkey crop at 2,067,000 birds, most of them to be marketed over the Thanksgiving and Christmas seasons.

The total is 10 per cent below the 1955 crop of 2,297,000 turkeys, Federal-State surveys showed.

Schedule Busy for Secretary and Aide

Tuesday's visit in Reading was but one of several stops in a two-day northeastern U. S. swing made by U. S. Secretary of Agriculture Ezra Taft Benson and his assistant, Robert D. McMillen.

Flown to Reading in the company plane of the McMillen Feed Co. — no relation to the assistant, it was added — Tuesday afternoon, the party remained overnight in Reading, flying Wednesday to an Air Force base on Long Island, proceeding by auto and boat to Plum Island for dedication of the new animal disease laboratory, then back to New York City to appear on Martha Rountree's program on 100 television and 250 radio stations in simultaneous broadcast-telecast Wednesday evening.

Don't play around too much with "schemes." Hard work pays much better dividends.

A man who sticks to his principles, is stubborn; a man who doesn't is a hypocrite—so what? Answer the question yourself.

It's Fair Weather!

It's fair time in Lancaster County, enthusiasm is running high, as the best of the farm and field, the kitchen and garden, needlework and art, go on display in competition.

There's a thrill to it all, where commercial displays vie for attention with home produce. What's the latest in the farm equipment field? You'll find it at the fair, no matter where the fair may be.

Already several Lancaster County community fairs have run their course. Others are in action now. There will be more. Many departments are reporting marked increases in displays. Competition is more keen. Old-timers in the show business are back gaining new laurels, new ribbons — and the newcomer often gives the professional a jolt when the judge moves his entry to the head of the line.

For youth, fair time is wonderful. It's not the excitement of the midway that enraptures Garden Spot farm youth today. Instead it's the dairy show, the beef. swine, poultry or broiler show. They hear the judge give reasons. They learn. They chart their course for the coming year.

There has been some conflicting timing in Lancaster County shows, making it difficult to cover all. Judges have to scurry to several events in the matter of a few hours, as show dates overlap.

The color's there, the competition's there. It's fair time in all corners of the County where agriculture is Number One.

Peaches — $500 A Bushel

Peaches at $500 a bushel and melons at $200 a dozen. That's the cost of producing pilot crops on three DuPont test farms, near Newark, Del., Brandenton, Fla., and Raleigh, N. C.

These costs are a bit astounding, especially to the Lancaster County producer who probably found several hundred dollars worth of peaches felled by winds.

On these DuPont Farms, teams of biologists and farm aides annually raise more than 75 acres of peaches, melons, corn, peanuts, cotton and a half dozen other crops. The value of the harvests does not lie in the pounds, bunches or bales produced, but in the data accumulated by the company's "notebook farmers" who help pave the way for better farm crops and for better and cheaper foods for U. S. consumers.

Costly as they may be, these crops and the experimental program some day may save the average producer — such as we find locally — many hundreds or thousands of dollars.

Stilbestrol Traces Small

One of the greatest questions facing the beef cattle industry has been answered by the United States Department of Agriculture, in an item saying tests show that no detectable amount of stilbestrol remains in meat of animals fed the hormone-like compound.

When stilbestrol first came into use as a component of livestock feed, to promote rapid gains in cattle, there were wild fears that humans might be made sterile, that livestock thus fed might develop generations of dwarfs, that sterility might pass on to swine in the same feedlots. Caution is still urged in the problem of swine, especially brood sows, where stilbestrol feeds are used.

Meat tissues tested by the Food and Drug Administration came from Beltsville, Md. steers fed doses of 10, 30 and 60 milligrams of stilbestrol in their daily ration periods of three months or longer and ending about 48 hours before slaughter. The larger doses are three and six times greater than the 10 milligrams recommended per steer, to promote rapid, economical growth.

One of the problems has been cleared; packer discounts on stilbestrol fed beef are disappearing, through tests using levels prohibited in commercial feeding. "Furthermore, USDA beef-cattle nutritionists point out that they (such heavy doses of feeding) are less effective than the recommended allowances of 10 milligrams per day."

50 Years Ago

This Week on Lancaster Farms

50 YEARS AGO (1906)

By JACK REICHARD

The crop of cotton held sway in the South a half century ago. The export record of the United States for the fiscal year ending August 1, 1906, showed that the value of cotton in raw and finished in exports from this country exceeded $400 million, surpassing by far the value of any other product sent of the country. As a purchaser of raw cotton the British led with $177 million, worth. Germany's take amounted to $101 million, and France $45 million. China was the best customer for manufactured cotton products, taking $30 million, worth out of a total of $53 million.

Hurricane Strikes

Pensacola, Florida

Thursday, September 27, 1906, the worst hurricane on record struck Pensacola, Florida, laying devastation and ruin everywhere. The list of dead had heached 26, and it was known that many more were uncounted for and others injured, while 3,000 were homeless. The property loss was estimated at $5 million.

At Mahonoy City, Pa., a new vein of anthracite coal was discovered by the Philadelphia and Reading Coal and Iron Company in the Mahonoy Valley. The new vein, reported to extend a mile in length and one-eighth of a mile in width, with an average thickness of twelve feet, was estimated to contain coal valued at from $50 million to $75 million. Mining experts declared it would require over 50 years to exhaust the seam.

* * *

At Ephrata, Lancaster County, Mr. and Mrs. Samuel Shuler, of the Cloister, had a record elephant ear plant, 50 years ago The stems of the leaves were reported 96 inches long. The leaves were 48 inches in length and 32½ inches wide.

Fertilizer Plant

Burns

Twenty-five years ago this week, the large frame building of the Eby Fertilizer Company at Paradise, Lancaster County, was completely destroyed by fire. The loss, which included several hundred tons of fertilizer, quantities of chemicals and the building, was estimated at $40,000. The fire was discovered by persons living a short distance from the plant, but before firemen could reach the scene the greater part of the plant was a mass of flames. Members of the Gordonville, Paradise and Leaman Place Fire Companies responded. Two freight cars standing on a siding at one end of the building also were in flames. One of the cars, loaded with fertilizer, was completely destroyed. The other, a steel car, was badly damaged.

* * *

The Board of Game Commissioners announced the passing of a resolution declaring an open season on both sexes of deer in the entire State of Pennsylvania from Dec. 1 to 15, 1931, inclusive, Sunday's excepted. The bag limit was set at one deer per man, either a buck or a doe. Six deer of the combined sexes were allowed taken in one samp,

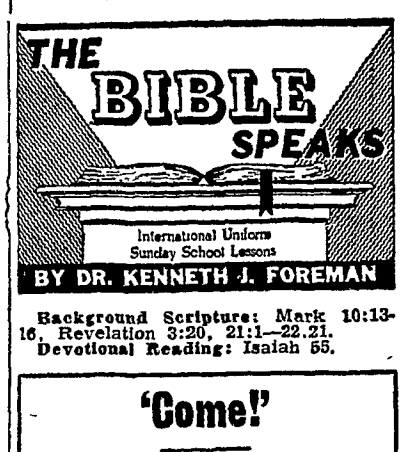
Pomona Grange to Entertain Oct. 20

Lancaster County Pomo Grange No. 71 will entert Berks County Pomona Gra at its fall meeting in the Bri erville Fire Hall Saturday, O 20, at 8 p m.

Pomona Master S. Ralph W ner, R2 Narvon, will be charge.

The A. F. L.-C. I. O. has nouncer that its long-delay organizing campaign was final under way. Its major objectiv are Southern textiles and to co processing.



Background Scripture: Mark 10:13-16, Revelation 3:20, 21:1—22.21.
Devotional Reading: Isaiah 55.

'Come!'

Lesson for September 30, 1956

THE Bible has a way of expressing the most profound and far-reaching truths in the simplest possible way. "Come!" is a word of one syllable, and even a child knows what it means. But as we find it in the book of Revelation and elsewhere, a great deal is tied up in it and expressed by it.

Dr. Foreman

Journey to God

This word, as a command, suggests first of all that man is not where he ought to be. He ought to be close to God. Some are not even turned toward him and are moving farther away every day. But even those whose faces are Godward, are never as close to him as is possible to be. God is everywhere, in one sense. That is, one does not have to travel to some distant shrine, some Holy City, to find God. And yet even among human beings we often feel how far we are from those sitting in the same room with us. And though God is all about us, we are blind to him. Spiritually we are feeding swine in a far country when we ought to be at home with God and in God. There are diseases in which the patient shivers with cold even in hot sunshine. So the diseased soul shivers with cold even in the full flood of God's radiant love. A patient with mind diseased looks unseemingly into the eyes of loved ones. How near—and yet how terribly far away! In our coldness of heart, our estrangement of mind, we hear—or can we hear?—the Voice say "Come!"

Who Says "Come"?

What voice is this? Two strange words appear: The Spirit and the Bride. Who are these? Spirit is God; the Bride is the Church. The Spirit is the New Testament word for God-close-at-hand, God-in-the-heart, God moving in heart and mind of dedicated men. The voice of the Spirit is the "still small voice" the prophet heard. It is the Spirit of God and the Spirit of Jesus. Would it not be enough for the Spirit to say "Come"? No, because God graciously chooses to speak also with human voices. The Bride is the Church; and the Church too says "Come." In all her services of worship and teaching, in all her proclaiming of the eternal Word, in all her service to mankind, the Church says "Come." A church that does not have the atmosphere of welcome is no true church. A church that puts back bars that our Lord has taken down, a church that says "Come" to a select few and says nothing to all to the masses of men,—this is not true "Bride" of Christ. "The doors of this church are as wide open as the gates of heaven," say some church bulletins. If that is not true, whose fault is it?

Is Your Name Here?

Jesus once wept over a beloved city: How often I would have gathered you . . . but you would not. Christ can say, "I would; but you would not." But such is the graciousness of God that no man dare say, "I would; but God would not." The invitation of God has in it, so to speak, the name of every man who wants to write his name there. "Whosoever will" includes everybody who wants to be included. There is no sense in saying, "I never have wanted to come to God, therefore the invitation is not to me." It is to you—but only if you will. Here in Revelation is an invitation; in some other parts of the Word it is a command (e.g. "God commands all men everywhere to repent" (Acts 17.30).

The Choice Is Your Own

God can do all things. But he has not done all the things he could have done. He could, no doubt, have made men in such a way and of such a nature that not one person could ever possibly commit a sin, not one person could turn away a hair's-breadth from God. But he did not make such men. He could have made men such that if they ever strayed away from God all he would have to say was simply "Come" and they would come back, every one. But he did not make men so. God would rather be loved by men who do not have to love him than by creatures who would love him automatically and could not help it. God gave man the power to accept; but at the same time he gave man the power to refuse. "Let him come!" God does much for you; but he will not decide for you. God made the road home; he holds the door wide open; he sends the word, "Come," but he leaves the coming to Pete to each man.

Elizabethtown Winner

Topping the baby beef show at the seventh annual Elizabethtown Kiwanis Community Farm Fair was Pudgie, Angus steer shown by Melvin Miller, 15, a sophomore at Hershey. He is the son of Mrs. Eva Miller, R2 Elizabethtown. (Lancaster Farming Staff Photo).

* * *

The chiefs of the three armed services have reportedly rebelled against an extensive cut in their strength proposed by their chairman, Admiral Radford. The entire armed forces would be reduced by 800,000 men by 1960, according to this plan

Elizabethtown Winners Named

By LF Staff Reporter

Estimating total attendance near the 50,000 mark, the Elizabethtown Kiwanis Community Farm Fair came to its conclusion Saturday.

Melvin Miller, 15, a sophomore at Hershey High School showed his Aberdeen Angus to grand championship of the Baby Beef show, judged by Roger Halstead of the Pennsylvania State University

Melvin, son of Mrs. Eva Miller, R2 Elizabethtown, obtained his steer through the County sale, with the animal originating at the noted Millarden Angus Farms in Annville, Pa. This was Melvin's first Angus. Showing five years, this was Melvin's first grand champion. His steer last year placed fourth in class among Herefords at the 1956 Pennsylvania Farm Show. Feeding Calf Manna from Aberdeen Mills, Melvin first topped the Angus at Elizabethtown, then moved on to championship over all breeds.

Reserve awards went to Robert Gibble, R3 Elizabethtown, also on an Angus.

Leading the Hereford show — in fitting showing and top of the breed — was 16-year-old Christ C. Miller, Jr., son of Mr. and Mrs. Christ Miller of R1 Elizabethtown. Christ secured his steer last November through the county sale at New Holland. The steer originally came from the Leo Eagen herd in Asby, Neb., out in the Sand Hills. This was Christ's fourth steer to become breed champion at Elizabethtown.

For his ration, Christ selected 32 per cent protein in Purina calf Chow, to 50 lbs corn, 20 barley, and 25 oats. He supplied the grand champion of the 1954 show.

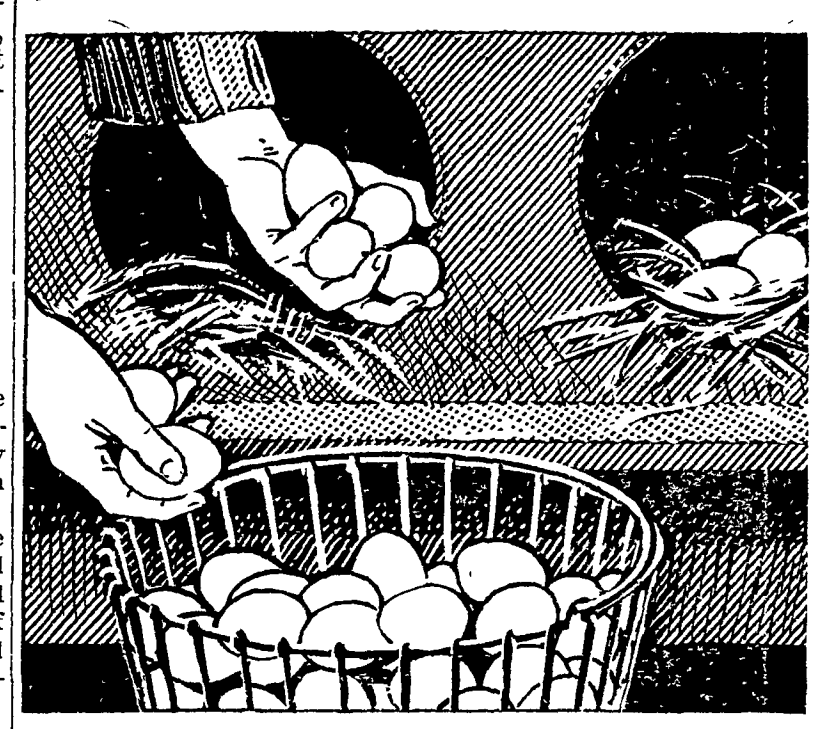
Headlining the swine show was Floyd Risser, Jr., R2 Hershey, son of Mr. and Mrs. Floyd Risser, who scored grand championship with a Chester White gilt. The eleventh grade student obtained his gilt in the spring, and fed Wolgemuth Bros feeds. Previously Floyd had shown at Mount Joy, where in six years he produced two grand champions, and he also placed reserve at Elizabethtown this year. John Risser a brother, was tops in Spotted Poland Chinas, and Robert Baker, R2 Elizabethtown, won as champion showman.

FLOYD RISSER, Jr., R2 Hershey, exhibited the grand champion swine — a Chester White gilt — at the Elizabethtown Kiwanis Community Farm Fair last week. The 11th grade student is the son of Mr. and Mrs. Floyd Risser.

Dr. Henning to Speak Saturday At Ephrata Fair

Dr William L Henning, Pennsylvania's state secretary of agriculture, will be principal speaker Saturday night at the Ephrata Fair in observance of Democratic night. Dr Henning will speak at 8 p. m

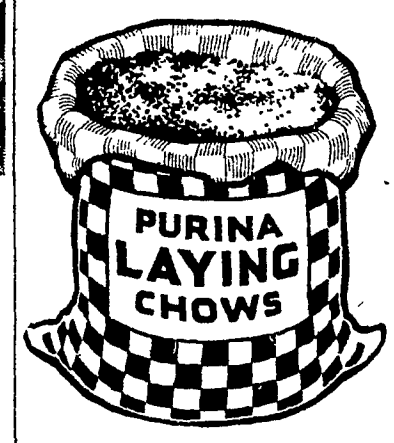
Other candidates to be presented by Attorney David R. Eaby, Democratic county chairman, are Edward G Wilson, Lee Work Quarryville, Irvin Kauffman, Columbia, A Fred Rentz, Lancaster, Mary B Frizzell, Millersville, and Thomas E. Harting, Adamstown.



Many poultrymen have found this fall that PURINA'S

HIGH-EFFICIENCY

principle is making eggs on less feed per dozen than ever before on lower-energy feeds



If you haven't tried Purina Laying Chows with the HIGH-EFFICIENCY formulas, you surely will find it worth while to ask your Purina Dealer about them. Poultryman after poultryman tells us he is getting as many or more eggs on less feed per day than ever before on Purina.

FFA and 4H Angus Heifer Show

(Continued from page one)

Fox Hill Farm, on Route 82 one mile north of Unionville in Chester County. The farm is owned by Cdl. Howard Fair.

The junior breeders will enter their registered Angus heifers in four classes, Haas says. Included are the two year old and senior yearling, junior yearling, summer yearling, and senior calf classes. Winners of individual classes will compete for the grand champion and reserve champion awards.

Other events listed by Haas are an inspection trip of the Fox Hill Angus herd ot 10:30 a.m, a luncheon given by the Brandywine Angus group at 12 a m., and a demonstration of grooming and fitting at 1 p.m.

Prize money has been donated by Mr. and Mrs. Robert E. Montgomery, New Hope, Pa., and the Brandywine Angus Breeders Association. Owners of the rand champion and reserve champion will also receive trophies.

According to Haas, the heifer program creates a genuine interest among young people in breeding better livestock and gives them "a sound training in investment, management, business and pride of accomplishment." This is the third year that heifer projects have been sponsored by the Brandywine Angus Breeders Association.

All 4-H and F.F.A. members in the 17-county area have been invited to attend the show. The counties are: Adams, Chester, Dauphin, Franklin, Lancaster, Lebanon, Lehigh, Montgomery, York, Berks, Bucks, Delaware, Perry, Philadelphia, Schuylkill, Cumberland, and Northampton.

Secretary of Defense Wilson is able to get money out of the Senate quicker than any Defense Secretary we have observed in years.

New Miller-Feed Dealer Officers

New officers of the Pennsylvania Millers' and Feed Dealers' Association, named at the 78th Annual convention in Reading this week, were, left to right, T. Luke Lx Toomey, third vice president; B. E. Zachman, first vice president; William H. Sprenkle, president; Robert B. Aten, second vice president, and Richard I. Ammon of Ephrata, executive secretary.

Rain Ruins Hay, Forces Western Pa. Dairy Sales

HARRISBURG — Because of too much rain, many central and western Pennsylvania dairy farmers have been unable to make sufficient hay and some sales of livestock are being made, the State Department of Agriculture declared today.

The counties affected have had from 25 to 30 inches of rainfall since April 10,, the Department said.

In a few instances no hay at all had been stored by late August, Federal-State surveys revealed. Inadequate supplies are common in some western localities and low quality is typical of much stored hay, it was said.

However, good pastures favored milk production during August over most of the State and the seasonal decline was less than usual, the August milk production survey showed.

Eastern border counties had below normal rainfall during the month which limited growth of grasses and prompted some feeding of hay and ensilage, but elsewhere pastures ranged from good to excellent.

Total August milk production for the State was 543 million pounds, down about 2 per cent from the 556 million pounds for July, but exceeded the 509 million pounds for August of last year by 9 per cent.

Cows numbers at 946,000 compare with 940,000 for August 1955.

Pennsylvania milk production for the first eight months of this year totals 4,587,000,000 pounds or nearly 5 per cent above the 4,389,000,000 pounds for the same period last year.

Cattle Feeders Tour October 16

(Continued from Page One)

Bus Terminal on East Chestnut Street in Lancaster.

First stop will be made at the Medford Packing Co. Chester to see slaughter operations An industrial view will be made at the assembly plant of the Ford Motor Co. in Chester.

Steer feeding will be studied on the Medford Co. farms at West Grove, and a final stop will be made at the King Ranch, R4 Coatesville, where Santa Gertrudis cattle are being produced and fed.

Purpose of the trip, Mr. Smith advises, is to study market grades of livestock as live and carcass at the packing plant, and to observe modern cattle feeding practices. The general public is invited.

Named to the committee, working with the Extension Service, are J. Homer Graybill, R3 Manheim; David Buckwalter, Jr., R3 Lititz; Malvin G. Rohrer, R3 Lititz; Mark S. Hess, R6 Lancaster; Willis Z. Esbenshade, Esbenshade Road Lancaster, and Milton M. Jurell, R2 Lititz.

The only bad thing about making money is that it usually brings added headaches; we never have headaches.

McCULLOCH Model 47 CHAIN SAW

Makes any woodcutting job easier and faster. It's a one-man saw for professional logging, pulp cutting, tree surgery; for farm and ranch jobs like construction and clearing land. Model 47 is light weight, operates full power in any position. Six models, gasoline powered, with blades 14" to 36". Come in and see it, try it, buy it It'll save you time, make you money.

300 Farm Boys, Girls Compete in First State Junior Dairy Show

HARRISBURG — In a thrill-packed showing of the cream of Pennsylvania purebred dairy cattle raised by more than 300 farm boys and girls, grand champion and reserve champion animals were selected Thursday a week ago, at the first annual Pennsylvania Junior Dairy Show in the Farm Show arena.

Hundreds of spectators critically watched judges in their placement of winners in separate shows for entries of 4-H Dairy Club members and dairy project members of the Future Farmers of America. Winners were named in both of the farm youth organizations for the five leading breeds of dairy cattle — Ayrshire, Brown Swiss, Guernsey, Holstein and Jersey.

Governor George M. Leader, in a message to the contestants, said he was proud of their "splendid contribution toward building a superior dairy industry in our Commonwealth."

"Our farm boys and girls rank with the best in the country," he continued "This show is a tribute to their achievements May we have more and bigger shows and may every 4-H Club and Future Farmer exhibitor be a winner!"

Leland H. Bull, State Deputy Secretary of Agriculture, praised the quality of animals exhibited in six premium classes for each dairy breed. Although local and district junior dairy shows have been held for the past ten years this is the first time that a statewide show has been conducted, pitting the animals of one district against all others. The state show was made possible through a $10,000 State appropriation

Breed associations and allied dairy organizations showered winners with special awards and gifts. Each of the nearly 400 purebred dairy animals shown here was a blue ribbon winner at local and district dairy shows during the past two months. Each entry at the first statewide junior show is eligible to complete in the 1957 State Farm Show here next January 14-18.

Joe S Taylor, chairman of dairy science extension at the Pennsylvania State University, who headed the committee for the Show, said "We are all delighted with the wonderful showins made by these 4-H boys and girls, and the FFA boys from throughout the state I am sure that this grand start will eventually be something all the farm youth of Pennsylvania will look forward to every year"

John Blyholder, field man for the Pennsylvania Guernsey Breeders' Association, picked five boys and girls who won blue ribbons with their animals to represent Pennsylvania at the National Dairy Show in Waterloo, Iowa

Selections were made at the first annual Junior Dairy Show held September 20 at the Farm Show Building, Harrisburg

The five selected are: Allen Campbell, Grove City, Mercer County; Linda Lodge, Cambridge Springs, Erie County; KENNETH YOUNG, MOUNT JOY, LANCASTER COUNTY; REBA BUSHONG, COLUMBIA, LANCASTER COUNTY, and John Furry, Martinsburg, Blair County.

Grand champion 4-H Ayrshire was Toll Gate Ayr Canary Beauty, a two-year-old shown by James Hunter, R2 West Alexander, Washington county, son of J Garrett Hunter. Reserve was a senior calf, Weber Farms Cheyrl Marie, shown by Laura Bennie, R1 Dunns Station, Washington county, whose guardian is her aunt, Rita A Morek

Walnut Chiffon Cake

Mrs V. Roscoe (Alice) Carter, R3 Quarryville, placed first in the cake division of the Southern Lancaster County Community Fair in Quarryville with her Walnut Chiffon Cake This was the third year in a row Mrs. Carter exhibited the winning cake at Quarryville Previously she had placed second and third at the Lampeter Fair Her recipe for the winner is printed today in **Lancaster Farming.** Others including Mrs Joseph Wimer, have made similar records, the Cake Committee advises
(Lancaster Farming Staff Photo).

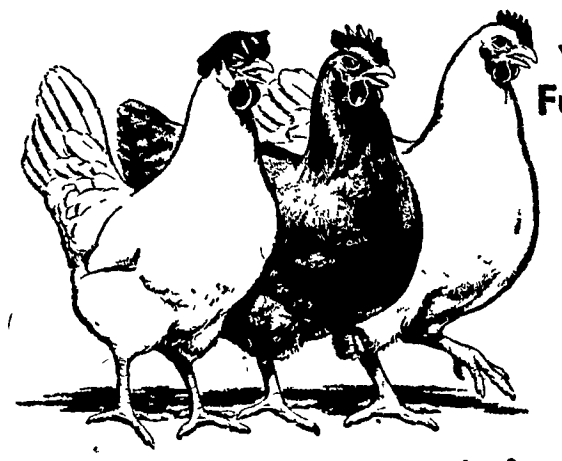
(Solanco Blue Ribbon Winner)
Mrs. V. Roscoe Carter
R3 Quarryville

Step 1
Measure
Two cups sifted Gold Medal Flour (spoon lightly into cup Do not pack)
One and one-half cups sugar
Three teaspoons baking powder
One teaspoon salt
Make a well and add in order:
One-half cup cooking (salad) oil, such as Wesson
Seven unbeaten egg yolks (medium sized)
Three-fourths cup cold water
Two teaspoons vanilla
Beat with mixer until smooth

Step 2
Measure into large mixing bowl:
One cup egg whites (seven or eight)
One-half teaspoon cream of tartar
Whip until whites form very stiff peak. They should be much stiffer than for angel food. Don't underbeat.

Step 3
Pour egg yolk mixture gradually over whipped egg whites, gently folding with rubber scraper just until blended
Sprinkle over top of batter gently folding in with a few strokes:
One cup very finely chopped walnuts
Pour into ungreased pan immediately.
Bake in 10-inch tube. 4 inches deep—325 deg—55 min then 350 deg—10 to 15 min.
9 x 13 x 2 inch oblong 350 deg.—45 to 50 min.
Turn pan upside down, placing over neck of funnel.

BOOST HEN VIGOR



with a small daily feeding of Ful-O-Pep Super Greens Pellets

For the Farm Wife and Family

There's a nip of frost in the air — and September's about gone. Time now for warming meals — hearty meals, with one of the busiest seasons of the year coming up.

* * *

We go down to the southwest section of the Garden Spot for our first letter, from Mrs. Charles A. Ressler, R2 Holtwood:

Just a few lines to tell you I enjoy reading Lancaster Farming. I especially like the recipe section. I am sending you my recipe for White Cake, also Yellow Cake, which Mrs. Samuel Ruhl requested:

WHITE CAKE
Mrs. Charles A. Ressler, R2, Holtwood

Sift together into bowl
Two and one-fourths cup cake flour
One and one-half cup granulated sugar
Four teaspoons baking powder
Add
One teaspoon salt
One-half cup vegetable shortening
One teaspoon flavoring
Two-thirds cup milk
Beat two minutes, then add
Remaining one-third cup milk
Four large, unbeaten egg whites;
Beat two minutes
Bake in two nine-inch cake pans for 30 to 35 minutes at 350 degrees.

And for Mrs. Ressler's

GOLDEN LAYER CAKE

Two and one-fourths cup sifted cake flour
One and one-half cups granulated sugar
Three teaspoons baking powder
One teaspoon salt
Add
One-half cup vegetable shortening
One teaspoon flavoring
Two-thirds cup milk
Beat two minutes
Add remaining
One-third cup milk and two whole eggs
Beat two minutes
Bake in two nine-inch cake pans at 350 degrees for 35 minutes.

* * *

These cakes are both easily mixed, but they turn out very good, Mrs. Ressler adds. They are both pet recipes of mine, and I hope they meet Mrs. Ruhl's approval.

* * *

Here is also a Gold Cake with four egg yolks. I make this cake with yolks left from the white cake:

GOLD CAKE
Mrs. Charles A. Ressler
R2 Holtwood

Sift together
Two cups sifted cake flour
One and one-third cup sugar
Three teaspoons baking powder
One teaspoon salt
Add
One-third cup vegetable shortening
One-half teaspoon flavoring
Two-thirds cup milk
Beat two minutes and add
Remaining one-third cup milk
Four egg yolks
Beat two minutes
Bake at 350 degrees for 30 to 35 minutes.

* * *

This cake is good to make as Pineapple Upside Down Cake. You can also add fruits, such as berries, or it can be used with fillings such as cream or fruit, Mrs. Ressler explains.

* * *

We have a couple earlier letters we want to acknowledge, one from Mrs Paul Rohrer, R3 Lititz, and Mrs T B Martin, R4 Lititz.

First, Mrs. Martin, here are a few recipes you've requested

SNOW FLAKE PUDDING
Mrs. T. B. Martin, R4 Lititz

White part, put in bottom of dish
One pint water
Two and one-half tablespoons corn starch
One cup sugar
Flavoring
Boil till clear
Add
Two egg whites, beaten stiff
Top Part
One cup sweet milk
One teaspoon cornstarch
Two egg yolks
One-half cup sugar
Boil
Put on top of white with tablespoon.

* * *

COCOANUT CREAM PIE
Mrs. T. B. Martin, R4 Lititz

One cup sugar
One cup molasses
One cup sour cream
Two eggs
Two tablespoons flour
One-half teaspoon soda
One and one-half cups sweet milk
One-half cup cocoanut
Mix in two pans and bake.

Political Youngsters

On hand to greet Secretary Benson at Reading Tuesday — with sweaters bearing the inscription "I Like Ike" were Miss Debra L. Rau, 2, and her brother, David J. Rau, 3, daughter and son of Mr and Mrs. James A. Rau, Jr., of Reading. The parents are active Young Republicans. (Lancaster Farming Staff Photo).

SWEET PICKLES
Mrs. T. B. Martin, R4 Lititz

Salt Brine:
One-fourth cup salt in
One quart water
Mix enough to cover pickles well, put on cold.

Put washed pickles in salt brine, let stand three days Put pickles in kettle, mixing enough to cover pickles of one pint vinegar and one pint water, alum the size of walnut, one teaspoon green coloring
Let come to a boil
Drop in cold water.
To seven pounds cut pickles add
One and one-half quarts vinegar
Four and one-half pounds sugar
Tie the following two ingredients in cloth and add
One-half box celery seed
One-half box mustard seed
Heat pickles and mixture, let stand till cold. Do this twice Jar pickles the third time they are heated.

A card from Mrs Quay M. Kochel, 1076 Gypsy Hill Road, Lancaster, who received **Lancaster Farming** and enjoys it very much, enclosing $1 for a subscription to **Lancaster Farming** for her sister.

COFFEECAKE

Mrs. Quay M. Kochel
1076 Gypsy Hill Road, Lancaster

Three cups sifted flour
One and three-fourths cups granulated sugar
Two teaspoons baking powder
One scant teaspoon baking soda
Three-fourths cup butter and lard

Mix like dough, keep out one-half cup for on top of cake with cinnamon

Beat yolks of three eggs, add last flour, vanilla

Bake in an eight by 12 pan in 350-degree oven

* * *

Mrs. Harry S Lehman, R2 Manheim, sends a nice letter with some household hints — the kind we appreciate, and are happy to pass along to others.

Enclosed is $1 for my subscription to **Lancaster Farming.** I have received my first copy and believe I will enjoy it very much

Here are a few suggestions on the use of lemons

Lemon juice is excellent to replace vinegar, use it just as you would vinegar

Lemon juice will sour sweet milk suitable for cooking. Add a few drops or a small teaspoonful to each cup of milk.

After washing dishes, and to remove vegetable stains, rub the hands well with lemon juice It will keep them white and soft, and will also remove the odor of fish and onions.

* * *

Mrs. Carl Martin, R3 Manheim, writes: We have received a number of copies of Lancaster Farming, and have liked it so well. It is very interesting from cover to cover. As a mother, I especially enjoy the recipes.

Here is a favorite pudding of our family:

* * *

PINEAPPLE TAPIOCA

Mrs. Carl Martin, R3 Manheim

One-half cup Minute Tapioca
One cup granulated sugar
Three cups water
One-fourth teaspoon salt

Combine the above ingredients in a sauce pan Place on burner and stir constantly until it comes to a boil. Boil one-half minute Remove from fire and add

Two cups pineapple juice
One and one-fourth cups crushed pineapple

Stir well but do not heat

Pour in dish to cool; during cooling period stir frequently so tapioca and pineapple are well mixed.

For a variation, instead of using pineapple, use the same amount of juice but no fruit and use either grape juice or apricot nectar. These are delicious desserts, especially when topped with whipped cream

From Mrs Martin,

HOME MAKING HINT

If you are so fortunate as to have one of Grandma's old fashioned copper buckets, place a teaspoon of salt and one cup of vinegar in it. Heat. Take a sponge and rub the interior to clean well. When making pickles, boil them in the copper bucket and they will get a beautiful green color and look very attractive. Clean bucket well after each using.

Mrs. Jason S Lowry, R2 New Holland, writes that she is submitting a recipe for the first time, and she hopes she has explained it all right We think so, for here is her letter.

I am a reader and also a subscriber to your paper and enjoy it very much, especially the page for women Here is a recipe for Green Tomato Pie and Fried Tomatoes.

GREEN TOMATO PIE

Mrs. Jason S. Lowry, R2 New Holland

Slice green tomatoes in unbaked pie shell
One cup sugar

(Continued on page 10)

Ephrata Champion Steer

Champion steer of the 38th annual Ephrata Fair was a Hereford shown by Miss Joyce Nolt, 13, daughter of Mr. and Mrs. Amos M. Nolt of R1 Reinholds. Steers were judged Wednesday by Tom King of the Pennsylvania State University (Lancaster Farming Staff Photo).

Soil Bank Must Be Voluntary, Secretary Benson Says in Reading

(Continued from page one)

to the Republican Party's agricultural program. President Eisenhower called for "full income parity" with no new remedies. Both the President and his Secretary pointed to the fact the long decline in farm prices has been checked Secretary Benson noted a six per cent improvement in farm prices over last year, and further improvements are likely.

Farm income and farm prices have declined every year except two since 1947. They were not down during the height of the Korean War and during 1956, Mr. Benson told the news conferenc and banquet. Since December they have advanced seven per cent. He cited war as the cause of higher prices during Democratic administrationss, but added "We can have peace and prosperity at the same time.

The Secretary said his mind was still open on proposed legislation for mandatory poultry inspection. "I've made no decision, I have not expressed my view officially Even the poultry men are not fully united on the proposal," he told

Programs of the past have been unfair to the farmer "Under rigid supports we have held prices stable at the taxpayer's expense," he told. Orderly marketing, at a level where production can move into consumption — not into government warehouses — is the best program, he told, for "a storehouse is not a market"

The Soil Bank is flexible The real test will come in 1957 This year it came so late some crops were alrady planted It will help the poultry and dairy men in Pennsylvania, Mr Benson told, "for it will give buoyancy and strengthening of farm prices . . . I don't believe the Government should say what the farmer should do or not do"

Attention was focused on the Suez situation, which the Secretary explained will have an influence on U. S. exports "Egypt competes with us in some crops, as under our very unwise cotton policy Egypt expanded her acreage and we lost our market, from 66 per cent to 20 per cent.

Never has there been so much emphasis on reducing costs in producing and marketing farm crops Housewives buy more than food — they buy 'built-in maid service" in dressed poultry, prepared foodstuffs, but "there are ineffficiencies in distribution of farm commodities"

The Administration finds encouragement on the Corn Belt, a hot spot politically — "I just came back from five states and find people very encouraged There's generally a good spirit, prices are not as high as we would like, but the midwesterners are encouraged, hopeful," he told

Speaking of potatoes, which recently experienced a drop from to $1 cwt from $7 to $9, Mr. Benson said "potatoes are perishable, they come in and out quickly affected by weather. We feel the diversion program is best, plus research. We've announced a program that provides an immediate 50-cent cwt subsidy plus whatever they'll sell for. We're moving more lower quality potatoes into other lines such as starches.

There are no plans for reducing the Agricultural Conservation Program, the Secretary told, and states have wide flexibility in how they may use ACP funds.

"It's unsound, unworkable to put firm supports under perishable products, we favor institutional feeding, not buying for storage," he told

Last year farm income would have totaled $2 billion more or 20 per cent higher were it not for the $8 billion in government storage We moved $2.7 billion from storage last year There are three channels, to move these surpluses into domestic markets, to export, to destroy — which is unthinkable, but each will disrupt markets "You can't legislate out of existence the basic law of supply and demand," Mr Benson asserted

He favors "100 per cent in the market place" for farm output unless you want a completely socialized agriculture, you can't do it by price-fixing. "Eighty-eight per cent of the decline in farm prices came under Government supports, two-thirds before this administration moved into Washington Never has there been a successful attempt made to fix prices without socializing industry," he added.

Answering Mr Stevenson, the Secretary said "We see drouth relief not as a political expedient, there is no drouth relief in 37 states, in one of every six counties in the United States"

As a footnote to his address in the packed ballroom of the Abraham Lincoln Hotel, Mr Benson told the Pennsylvania Millers and Feed Dealers

"Let me add one word; my call as Secretary of Agriculture came as a great shock to me. I couldn't imagine anyone in his right sense wanting to take the office. But you can't refuse to serve your Government I am the father of six, one who loves this country. I'm concerned about the future we will leave our children. I'm grateful for what I've found in the past four years.

"We have in our Chief Executive today a man of real character, where there isn't any character, there isn't much at all Regardless of the party in power, I hope we have a man in the White House of the caliber of our present Chief Executive

We must move forward to a free, expanding, prosperous agriculture — and with God's help, it will be done!" he concluded

Champion Solanco Hereford

Jack Heidelbaugh, son of Mr. and Mrs. Roland Heidelbaugh, R1 Quarryville, topped the Hereford division of the 4H Baby Beef Show at Quarryville. Here he is with his winner (Lancaster Farming Staff Photo).

Women's Page

Farm Crops Damaged by Varied Frost

HARRISBURG — Farm crops throughout Pennsylvania were injured in varying degree by frosts during the week ended Monday, the State Department Agriculture reported today.

Heaviest damage was to corn in northern areas and tender vegetables. Frosted areas were scattered and damage ranged from light to heavy. Quite a bit of soft corn will result in northern counties, a Federal-State survey report declared. Frost damage was spotty in southeastern counties.

Record breaking low temperatures came with killing frost and snow flurries in northern counties on Friday

Rains were frequent during the week and kept farmers out of the fields, the Department said. Soil preparation for winter grains is still underway in central and northern counties.

Pastures are in good condition for this time of year but farmers are having continued difficulty in drying hay. Most of the tobacco crop is in the curing sheds and digging of potatoes countinues over the State.

Picking of Elberta and Brackett peaches continued during the week. Apples for markets and roadside stands are being harvested but picking of the main processing crop is about two weeks away.

The weather outlook for the remainder of this week includes below normal temperatures and showers Thursday and again at the end of the week

George Aukamp, Peach Picker

(Continued from page one)

dren, and five great, great grandchildren. Two children are deceased.

The son of Louis and Louisa Aukamp, he recalls the old days when there was naught but woods from the Buck to Smithville. It was rather barren Lancaster County land when he and his parents moved from the city where he recalls horse-drawn trolley cars.

Thirty-one acres that made up the original Aukamp homestead were sold to a son Joseph, where the elder Mr. Aukamp now makes his home. His wife passed away in 1935. At first, the original Aukamps occupied a stone home, which was replaced in 1917 by a sturdy frame residence.

At 87, Mr. Aukamp underwent major surgery, but the attending physician remarked, "Physically, you're 65!"

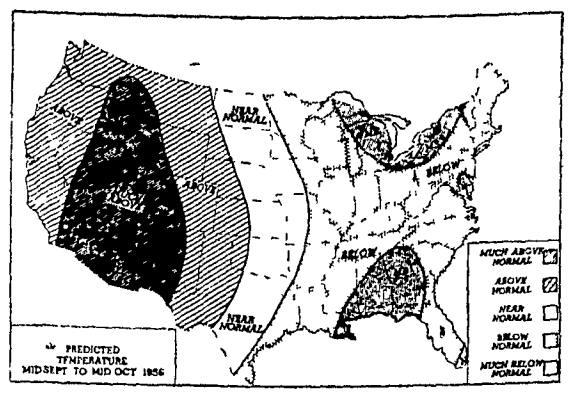
Today his family is well represented in southern Lancaster County, at Lampeter, Christiana, Quarryville, south of Quarryville, the rest around the old farm or nearby.

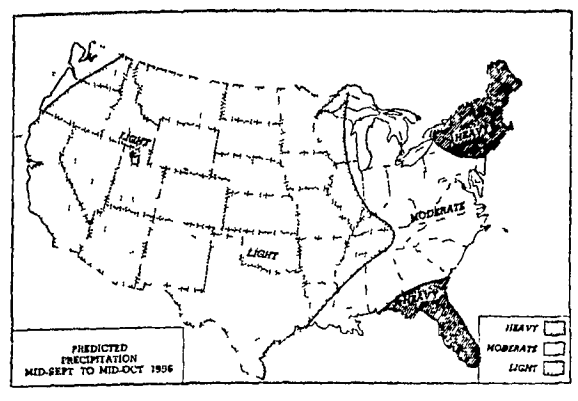
In the old days "we didn't farm more than half of the land we do today. It was all woods. We cleared all but two fields," Mr. Aukamp told on the sunny Sunday afternoon at the family gathering.

The sons and daughters are Freeman G. Aukamp, Mrs. Margaret Graham, Carl G Aukamp, Robert N. Aukamp, Joseph T. Aukamp, all of R1 New Providence; Brinton M. Aukamp, Mrs Isaac Doulin, Mrs. Wilmer Doulin, Abram W. Aukamp, all of R1 Quarryville; Wilson D. Aukamp and Mrs. Paul Dull of Lampeter, and Mrs. Milton Hassel of R1 Christiana.

To live 92 years one should follow the elder farmer's advice: "It takes steady, quiet living."

Outlook for Mid-September to Mid-October





The Weather Bureau's 30-day outlook for the period from mid-September to mid-October 1956 calls for temperatures to average below seasonal normals in the eastern half of the nation. Above normal temperatures are predicted for the western United States, with greatest departures in the Plateau Region Precipitation is expected to exceed normal in Florida and the Northeast Subnormal amounts are indicated from the Mississippi river westward to the Pacific Coast In the remainder of the nation, near normal rainfall is anticipated.

Poultry

PHILADELPHIA Sept 26 — (USDA) — Processed poultry ready-to-cook(ice packed) young chickens — about steady. Offerings more than sufficient to meet the fair demand Active selling competition from distant area growers gave buyers wide selection

Hens: Ready- to- cook (ice packed) barely steady Supplies were more than needed for the fair demand

Painting of Year Meeting on Sunday By Octoraro Group

The Octoraro Art Association's Painting-of-the-year will be selected Sunday at Pine Grove, with each member entering one if not two, of his favorite paintings for selection by a group of highly qualified judges. The one selected will pay the club's rent for the coming year

Paintings selected are a permanent collection owned by the Chester Municipal Authority. Judges this year will be Clarence L Conner, Kenneth Armstrong of the Chester Authority, Mrs Connie Ward of Ephrata, and Mrs Madge Smith of Baltimore.

A covered dish "picnic" and judging of the paintings will take place at 4 p. m. in the club house. Members and guests will be painting and sketching most of the day in the vicinity of Pine Grove

The public is invited to attend. Members previously receiving the prized honor are Charles X. Carlson, Kirk's Mills, Mrs. Leland Wheeler and Miss Grace Wilson, Oxford.

County Plowing Contest Oct. 12

Entries for the Lancaster County Plowing Contest will be received until Oct 4, according to William Risser, Landisville, chairman Date is Friday Oct. 12, at 1 p m on the Harold Endslow Farm at Donegal Church Rain date is the following Friday, Oct. 19

Working with Mr Risser are Parris B Gruber, Grant M. Miller, and Lewis E Bixler, assistants, under direction of M M. Smith, County aricultural agent. Eliminations, if necessary, will be on contest day at 8 a m

Prizes are 1st $30, 2nd $25, third $20, fourth $15, fifth $10, and sixth to 12th $5 each The county winner will compete in the state contest in 1957

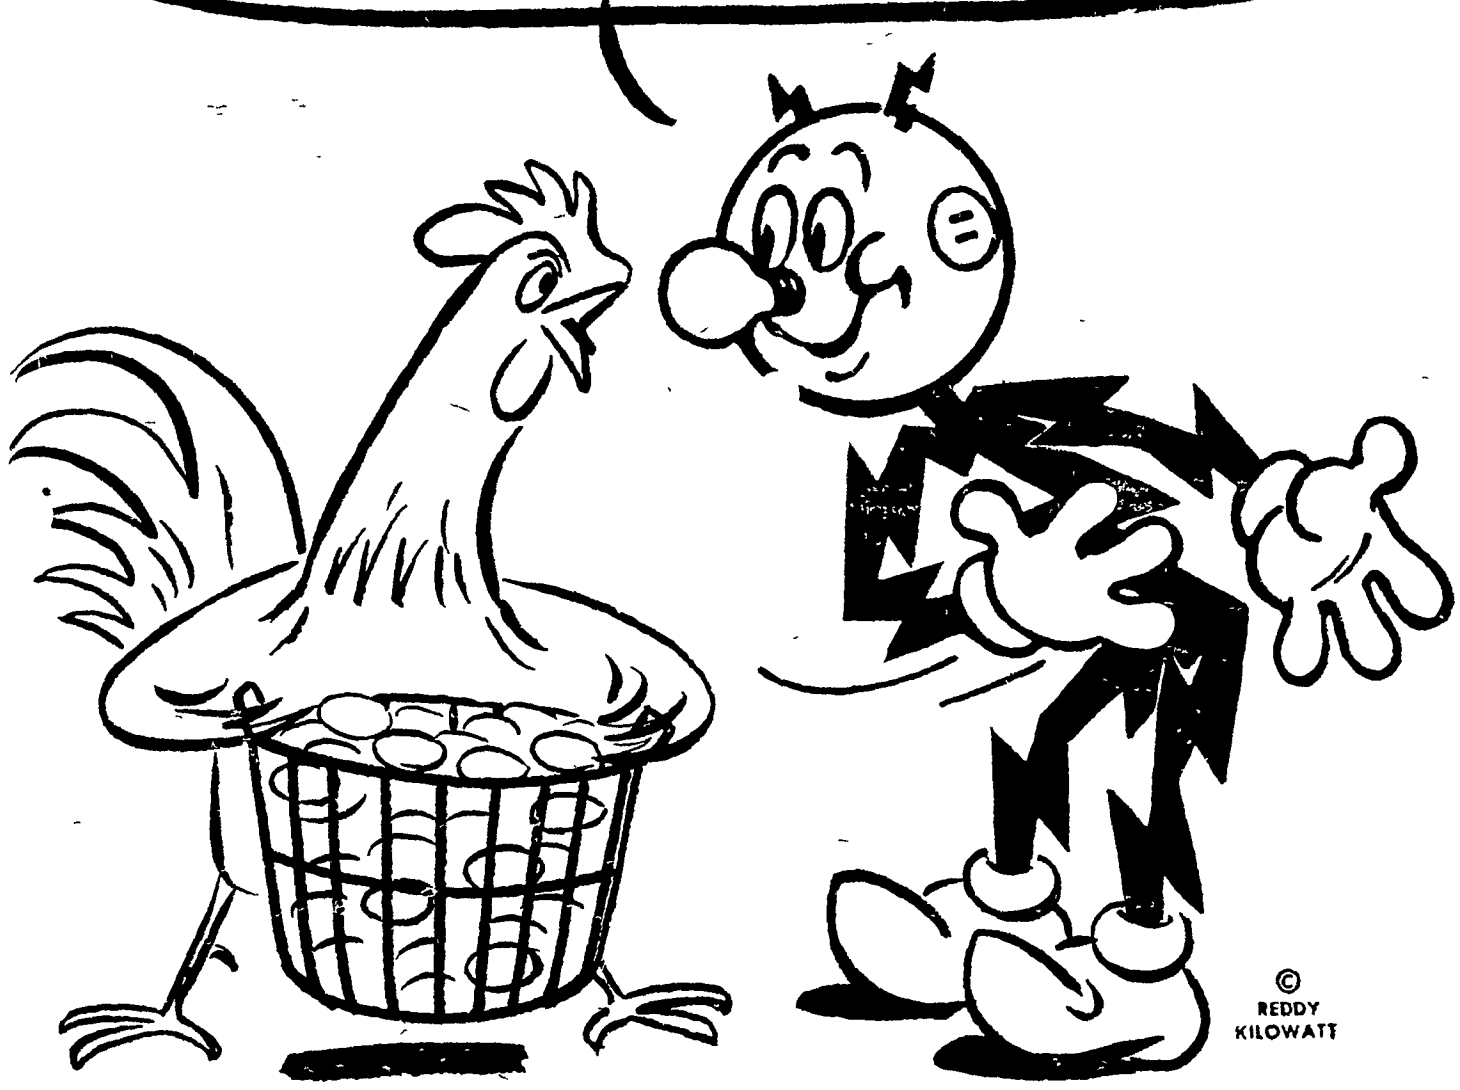
"FOR JUST PENNIES I'LL CLEAN AND GRADE A HUNDRED DOZEN EGGS IN MINUTES!"



Cleaning and grading eggs electrically shortens the critical time from nest to storage. Yes, by using modern electrical methods, I can do these two necessary, but tedious jobs for you quicker and easier. That means extra time for other important chores. Most important, you'll know your eggs are cleaned and graded properly . . . mighty important when you take them to market!

From brooding to scalding and picking . . . there are many other ways I can speed up poultry management. The savings in time and labor, alone, help build your profits.

Whether your poultry farm is small or large, ask your farm equipment dealer or PP&L representative today for more details.

Your electric hired hand,
Reddy Kilowatt

Southern Lancaster County Fair Winds Up with Chilling Weather

By LF Staff Reporter

Despite chilling weather the final two nights, attendance at the Seventh Annual Southern Lancaster County Fair in Quarryville was considered excellent.

One of the larest parades in the Solanco Fair history wound its way through streets of the Borough Wednesday night, with first place going to an entry of Fulton Grange for the best appearing farm group, second to Drumore 4H Club for second best. Little Britain 4H had the best appearing non-commercial float.

The meeting will be at the White Horse Fire Hall starting at 8 p m.

Mussers Second, Greiders Fourth In Egg Contest

HARRISBURG — Top place and a prize of $100 goes to George M Anthony, Strausstown, Berks County, for highest quality eggs produced in the 1955-56 Pennsylvania Official Egg Laying Test the State Department of Agriculture announced Friday

Eggs produced by one of the White Leghorn hens entered in the laying test by Anthony scored 99.52 out of a possible 100 points on a quality rating, according to L. H. Bull, State Deputy Secretary of Agriculture.

An Anthony White Leghorn hen finished second in last year's Pennsylvania egg quality test This year he had a second hen that finished 10th

Cash prizes in the egg quality test total $330 provided for the second year by the Acme Super Markets owned by the American Stores Company

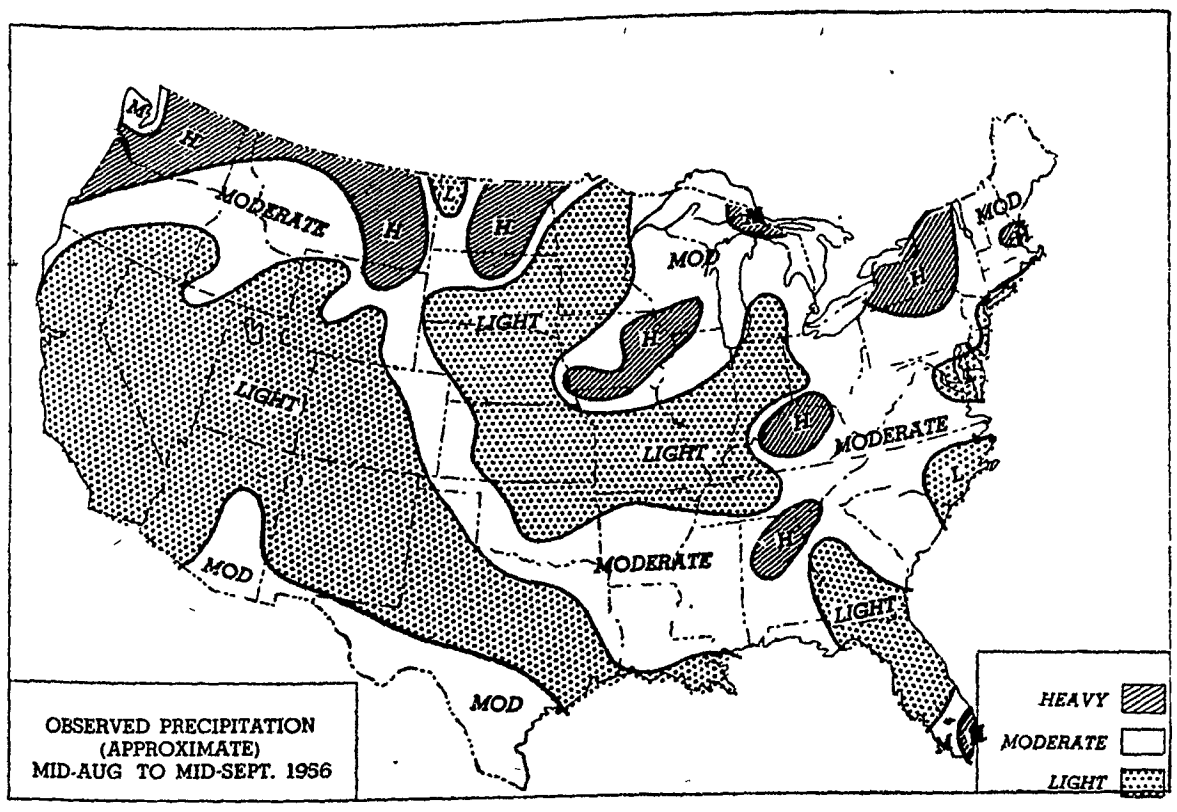
Precipitation — Preceding 30 Days



This chart shows the general nature of the total precipitation which fell during the preceding 30 days. Precipitation is expressed in three classes: light, moderate, and heavy, and the precipitation amounts which determine these classes are obtained from an analysis of many years of record at many stations.

BEES 'MOURN' KEEPER

ADAMS, Mass. — Throughout his life, John Zepka had raised, worked with and loved bees and was known to have had "a way with them. Zepka died recently and when the cortege reached the grave, mourners found the funeral tent swarming with bees — on the tent ceiling and clinging to floral sprays. They did not annoy the mourners — most remained immobile. This recalled the tradition, "Telling the Bees," kept alive in the poetry of John Greenleaf Whittier and Eugene Field. It held that the bees must be told when a member of a family dies — and the hive draped with a shred of black — lest the bees leave their hive.

Manheim Farm Show to Run October 4 to 6

Sixteen entry classifications, a dairy judging contest, a tractor driving contest and a special rural youth program will be featured at the third annual Manheim Community Farm Show opening next Thursday, Oct. 4, and running through Saturday, Oct. 6.

The sixteen classifications open for competition include baby beef, dairy, swine and sheep, poultry, vegetables, fruits and nuts, apiary products farm crops; potatoes, small grains and tobacco, eggs, canned goods, flowers, arts and crafts, sewing, woodwork and baked goods. Premiums, ribbons and trophies will be offered the winners of the competition

Twenty-one special trophies and awards will be presented to winners in the swine, poultry, dairy, baby beef and rural youth divisions of the show.

A dairy judging contest wil be held Friday, Oct. 5, at 10 a. m. and a tractor driving contest is scheduled to take place Friday, at 1 p. m. The tractor driving contest is open to any resident of Lancaster County and will consist of three groups — youth under 18 years of age, adults over 18 years of age and a ladies class, any age. Contestants must register with Ammon Shelly, Manheim P. O. Box 85, by Oct. 1 giving their name, address, age group and make of tractor. Four special awards will be made in the contest division.

A special youth program will be conducted. The contest will be open to any youth under the age of twenty in the area of Manheim. The youth with the highest number of points will be presented special awards.

The three-day event will be opened Thursday, Oct. 4, with a 2½-mile parade beginning at 7 p m. At least eight local bands, seven floats and a number of organization displays whil be in the line of march. The parade will be led by the Lancaster County Council of the Veterans of Foreign Wars Color-guard and six Pennsylvania State Policemen on horses. Cash prizes and ribbons will be awarded the best appearing floats and bands.

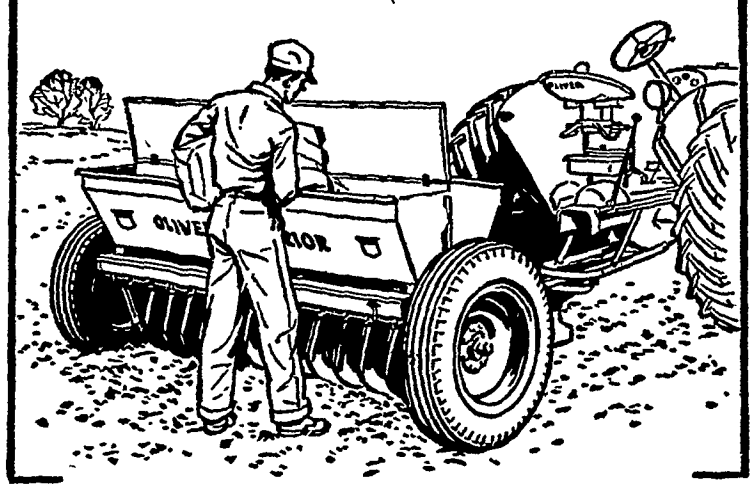
All-New
OLIVER
SUPERIOR DRILL
Double Capacity...
Low Hopper...Life-Seal Bearings



This new No. 64 Drill doubles capacity—holds a bushel of grain and 80 pounds of fertilizer per foot. The extremely low hopper—only 3½ feet off the ground—is easier to fill. And, you have this same low height whether you choose 20-inch or 15-inch wheels, both taking low-cost, used tires.

Lifetime-seal disc bearings eliminate daily greasings, save time and cost of lubricant. A low, rear-mounted grass seeder sows in bands, or broadcasts. You have a choice of 144 grain seeding rates, 30 fertilizer distribution rates ranging from 65 to 645 pounds per acre. The famous Double-Run Force Feed handles any size seed, meters accurately, avoids waste. Plain grain drill, holding 1⅞ bushels per foot, available.

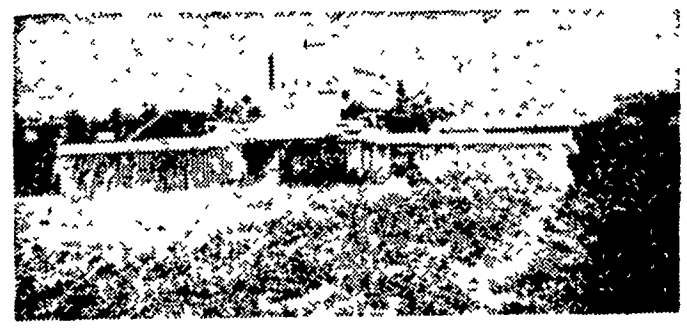
HAVE YOUR FARMLANDS LIMED NOW
BY A MODERN SPREADER LIKE THIS...



This modern 30 foot spreader will spread *Martin's Quality Lime* quickly, efficiently and make your soil more productive.

As you know, every crop makes your soil more deficient in certain minerals, which, if not replaced by liming, will cause poor crop production and unhealthy livestock.

To meet this condition, you should have your soil tested periodically to determine *if* your soil needs lime and the amount needed. You can do this by taking advantage of our FREE SOIL TEST. Phone New Holland 4-2112 or Terre Hill 5-3455. Send a card or letter to

New Holland Farmers Fair In 25th Year

Farm Show time is well under way in communities throughout Lancaster County. Some local fairs are now in progress; others already past, and several remain on the fall calendar Among those scheduled for next week is the New Holland Farmers Fair, one of the most extensive observances of its type in the area. The Farmers Fair, to be held in the borough of New Holland, will run from Wednesday, Oct 3 through Saturday, Oct. 6.

Staged by the New Holland Farmers Day Association, the 1956 annual street fair will mark its 25th anniversary. President Robert O. Whitmore has announced that many special events are being planned for the occasion. In anticipation of the 25th birthday celebration and the expanded Farmers Fair program, the Association expects that all previous attendance records will be surpassed during this year's observance. In the four-day period last season, the Fair drew an estimated 90,000 people.

One highlight of the big birthday party for the Farmers Fair will be the presentation of $300 in free merchandise certificates, redeemable in New Holland stores and business places. This attraction is being offered by courtesy of the New Holland Business Association and the New Holland Farmers Day Association. On each of the four nights three $25 00 in merchandise certificates will be awarded.

Speaking of cakes, remember how you always yearn to taste those baked goods on exhibit? In New Holland, you can! On Wednesday afternoon at 1:30, after the pastries and candies have been judged, you can devour your favorite prize-winning cake, pie, or candy. You can buy it at auction; all but one slice, to be kept for display purposes. The Community Memorial Park Association, with Paul Z. Martin as auctioneer, will conduct the proceedings. Proceeds will go toward the Park Fund.

The Farmers Fair Parade will officially open the 1956 event at 7 30 on Wednesday night, Oct 3 The huge parade, incorporating the industrial, commercial, and Mummer's divisions, will be conducted by the Young Men's Business League of the borough In addition to various unclassified prizes, more than $1,250 will be awarded in cash to winners in the eighteen classes Parade chairman is B Roy Witmer The parade, itself twenty-one years old in 1956, will be held rain or shine.

On Thursday evening, a Youth for Christ program will be presented, in charge of Robert L Neff, of Lancaster, the Youth for Christ musical director. The program, to be entirely musical in nature, will feature vocal and instrumental numbers There will be solos, duets, and quartet selections by young men and young women

Friday is Kid's Day for Fair! That afternoon, it's all out for all kids, with free prizes and free rides. A free brand new bicycle will be awarded to some lucky boy or girl. Robert J. Witmer is in charge of the Children's event

Friday night at 7:30, the Pet Parade, sponsored by Martin's Store, will go on the march. It is under the direction of New Holland Cub Pack No. 148. Cash prizes of $150 will be presented. The Garden Spot High School Band, of the Eastern Lancaster County Jointure, will lead the Pet Parade. Under the direction Paul H. White, the band will also play a concert at 9:30 o'clock Friday night at the bandstand in front of the New Holland High School.

The Baby Parade will take place at 4.00 Saturday afternoon. Always a high point of interest during the Fair, this parade is sponsored by Groff's Hardware, and is conducted by the New Holland Business and Professional Women's Club. The Garden Spot High School Band will also lead the Baby Parade. Mrs. Mary Lahet is chairman of the parade.

1956 college graduates, now tackling the economic problems connected with making a living, will find that there is some difference between going to college and going to work.

Queens Greet Benson

Seven Pennsylvania agricultural queens were present — with members of the Future Farmers of America, Future Homemakers, Boy Scouts, Four-H and many other organizations at the Reading Airport Tuesday to greet U. S. Secretary of Agriculture Ezra Taft Benson. Among those was Miss Lois Elaine Demmy, R1 Ephrata, Pennsylvania Peach Queen. Here the Secretary is shown with some of the Queens, Carl Boyer, outgoing president of the Pennsylvania Millers' and Feed Dealers' Association, Mrs. Boyer, and Robert D. McMillen, Assistant Secretary (Lancaster Farming Staff Photo)
